

Active Video Twisted Pair Transmission

TTA111VT Transmitter

TTA111VR Receiver

Specifications :

- Three position range switch for gain select on transmitter.
- Five position distance range switch on Receiver, brightness adjustment, two video output.
- Built in transient protection and ground lifting.
- fÜ System is integrated with alarm sensor (PIR, Magnetic, etc...) or RS485/422 data

Features :

- Smart twisted pair transmission products are designed for CCTV signal transmission over unshielded twisted pair wire (CAT 5 network cable).
- These smart cabling system transmission are an alternative solution to coaxial and fiber based systems, providing following benefits:
 - Fast, easy installation, saving time and money.
 - Substantial savings on the cost of the cable itself.
 - Superb quality on long range transmission.
- Active Video Transceiver (power required), transmission range color 1500 meters, B/W 2400 meters via CAT5 UTP cable.
